Education

Vellore Institute of Technology, Bhopal

Sep 2022 – May 2026

Bachelor of Technology (B.Tech) in Computer Science – CGPA: 8.07/10

Bhopal, M.P.

Technical Skills

Programming & Libraries: Python, SQL, HTML, CSS | Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

Data Tools & Visualization: Excel (Advanced), Google Sheets, Power BI, Tableau

Platforms & Tools: Jupyter Notebook, Google Colab, VS Code, PyCharm, Git/GitHub | MySQL, Appwrite

Projects

Product Delivery Prediction | GitHub

- Analyzed **11K+ delivery records** across 12 features to uncover key drivers of late deliveries.
- Trained and benchmarked multiple ML models; **Decision Tree achieved 69% accuracy**, outperforming Random Forest (68%) and Logistic Regression (67%).
- Delivered insights such as **impact of discounts and weight ranges**, enabling policy simulations that **reduced predicted delays by 12–15%**.

Cotton Field Weed Detection | GitHub

- Developed a detection system using **YOLOv11**, achieving **72% (mAP)** and **92% recall**, enabling accurate detection of multiple weed categories in agricultural fields.
- Engineered and augmented a **multiclass computer vision dataset**, improving model robustness and performance across diverse field conditions by reducing overfitting and enhancing generalization.
- Achieved **85%+ accuracy on critical categories** and **identified class imbalance challenges**, informing future model refinements and guiding dataset expansion strategies.

Shauryan – Banking Website | GitHub

- Designed **relational database schemas** in SQL on Appwrite backend with full ACID compliance.
- Implemented **role-based access control**, reducing unauthorized access incidents by **40% in the first quarter**.
- Integrated the **Dwolla API** for seamless fund transfers and ACH payments, ensuring real-world applicability.

Analysis of Diwali Sales | GitHub

- Analyzed **12K+ sales records** to identify **6 customer segments** by purchasing behavior and demographics.
- Delivered data-driven insights and strategic recommendations through visuals, driving a projected **15% increase in sales** across regional markets.

Leadership & Activities

Linpack Club

Dec 2023 - Aug 2025

Event Management Lead

VIT Bhopal University

- Led and mentored 60+ team members at Technical Club, organizing MATLAB/Simulink and LaTeX workshops, hackathons to enhance computational and technical skills.
- Expanded the Technical Club's workshop program, reaching over 200 attendees across two events and boosting overall participation in club activities by approximately 25%

Certifications

Foundations: Data, Data, Everywhere - Google

Cloud Computing - NPTEL

Marketing Analytics - NPTEL

Data Science in Python - iamneo
